

Participating Companies

Acceleware Corp.

Location: Calgary, Alberta, Canada

Industry: Computer software

Degree levels recruited: Master's, doctoral, post-doctoral, Ph.D.

Acceleware develops and markets acceleration products that bring unparalleled performance and speed to today's most strenuous and challenging compute and/or data-intensive demands. Run times for data processing and simulation applications are reduced by more than 35 times.

Our customers share a common and urgent need - the need for powerful and timely computer modeling and testing. They are pushing the boundaries of innovation and demand faster product-development cycles for more complex products. They want more effective tools to interpret vast amounts of data.

Our target markets are served by a network of distribution partners and include: electromagnetic, energy, biomedical, pharmaceuticals, industrial, and military.

Headquartered in the United States, Acxiom has a team of more than 7,000 associates across its thirteen global locations. Acxiom is pleased to be expanding our business in Poland and we're looking for talented and motivated professionals to join our team in our new Warsaw, Poland offices.

Advanced Micro Devices

Location: Texas

Industry: Technology

Degree levels recruited: Bachelor's, master's, M.B.A., doctoral, post-doctoral, Ph.D., professional

Founded in 1969 and based in Sunnyvale, California, AMD designs and produces innovative microprocessor and graphics and media solutions for the computer, communications, and consumer electronics industries

Since the beginning, our focus has gone beyond integrated circuits and transistors. AMD is the informed choice for those who want superior microprocessor and graphics solutions designed from the perspective of the customer. After all, our customers' success is our success. That's why AMD products are always developed with customer needs in mind and not for the sake of technology alone. We provide real solutions for real customer problems that exist in the real world today. It's a philosophy we refer to as "customer-centric innovation."

American Business Solutions Inc.

Location: Columbus, Ohio

Industry: Computer software

Degree levels recruited: Bachelor's, master's, M.B.A., doctoral, post-doctoral, Ph.D.

Bain Capital - Sankaty Advisors

Location: Boston, Massachusetts
Industry: Financial services
Degree levels recruited: Bachelor's

Sankaty Advisors, the debt investment group of Bain Capital, is one of the nation's leading buy-side private investment management firms. With over \$25 billion of committed capital, Sankaty Advisors acts as a debt hedge fund, investing in a wide variety of securities, including high-yield bonds, distressed debt, mezzanine debt, levered loans, convertible bonds, structured products, and select equity investments. Through our numerous funds, we have the ability to invest in every level of a company's capital structure from secured debt to equity, and can also provide capital to growing companies with unique financing needs.

Our investment process is characterized by detailed business and financial analysis and a culture of vigorous debate. We combine a consulting-based approach to industry, competitor and business analysis with an in-depth examination of a target company's financial performance and capital structure. Our goal is to select the best industries, the best companies, and the best relative value among the many securities each company offers.

Sankaty has a world-class team of over 65 professionals with extensive experience analyzing and managing high yield investments. Our headquarters is in Boston, with additional locations in Chicago and London.

Established in 1984, Bain Capital is one of the world's leading private investment firms with over \$50 billion in assets under management. Bain Capital manages a range of funds including private equity, public equity, leveraged debt assets, venture capital, and absolute return capital. Our competitive advantage is grounded in a people-intensive, value-added investment approach that enables the firm to deliver industry-leading returns for our investors. Headquartered in Boston, Bain Capital offices are in New York, Chicago, London, Munich, Hong Kong, Shanghai, and Tokyo.

Cameron

Our locally based professionals are also available to address country-specific issues and opportunities

Monsanto Mexico

Location: Mexico City

Industry: Agriculture

Degree levels recruited: Associate, bachelor's, master's, M.B.A., doctoral, post-doctoral, Ph.D., certificate, professional

Monsanto is an agricultural company. When farmers succeed, we succeed. Using the tools of modern biology, we support our commitment to agriculture and to the farmers that feed, clothe and fuel our growing world.

We produce leading seed brands in large-acre crops like corn, cotton, and oilseeds (soybeans and canola), as well as small-acre crops like vegetables. We also produce leading in-the-seed trait technologies for farmers that are aimed at protecting their yield, supporting their on-farm efficiency and reducing their on-farm costs.

We're constantly looking at ways to maximize the potential of seed—both its yield potential and the technology used to protect it—so farmers can get more out of each seed.

Morgan Stanley

Location: New York, New York

Industry: Financial services

Since its founding in 1935, Morgan Stanley and its people have helped redefine the meaning of financial services. The firm has continually broken new ground in advising our clients on strategic transactions, in pioneering the global expansion of finance and capital markets, and in providing new opportunities for individual and institutional investors. For more information visit: <http://www.morganstanley.com/about/index.htm>.
