Outings

There are three options for sightseeing outings on Wednesday afternoon, July 20. The first is to COSI (Columbus Museum of Science and Industry), a world class museum that has interesting and exiting exhibits for both children and adults. The second option combines some brief sightseeing in the Short North arts and entertainment district with a tour of the Franklin County Conservatory, one of the best in the country. The third option is for a limited number of people (25 maximum) to have the opportunity to tour the two George Kelly residences in Columbus (one that he designed himself) as well as his grave site. Be sure to sign up early if you want to reserve a spot for this one!

Please specify your outing preference by placing a number in the corresponding box below:
