

NSG 435
Thought Questions Learning objectives

Through this assignment I want my students to be able to:

1. Present their own perspective and or assumptions regarding the question

<u>Scant 1</u> Does not identify own perspective or assumptions clearly	<u>Partially 2</u> Identifies own position but does not explain.	<u>Substantially developed 3</u> Identifies one's own position/assumptions on issue, drawing support from own experience and other information.
--	---	--

2. Discuss supporting evidence or data related to the issue or question

<u>Scant 1</u> Fails to give supporting evidence	<u>Partially 2</u> Supporting evidence partly explained	<u>Substantially develop 3</u> Evidence is appropriate to the issue, discusses how the evidence explains the issue or shows correlation
---	--	--

3. Discuss the influence of the appropriate contexts on the issue or question.

<u>Scant</u> Discusses the issue only in egocentric terms, or fails to discuss the context of the issue	<u>Partially</u> Explains one context only when 1-2 more are needed for issue; or explains the context incompletely	<u>Substantially developed</u> Discusses how 2-3 contexts influence the issue logically.
