

**Revised Outcomes, with Guiding Questions for Students**

Task:

Use four different learning styles to plan your human senses presentation.

Guiding Question: How will the different Mastery, Interpersonal, Understanding, and Self Expressive learning styles be differentiated for teaching content on one human sense?

Planner's Role:

To establish a scope and sequence of the presentation by learning styles;

To evaluate the accuracy, breadth, depth, and relevance of content on the human senses planned by the four resource professionals; and

To document sources of all materials used in the multi-genre presentation.
