### Join the OHECC Information Distribution List

Want to receive information about future OHECC conferences and other educational opportunities hosted by universities throughout the state? The OHECC planning committee has suggested creating a LISTSERV list to facilitate distribution of this type of information and Miami has agreed to host it. Now all it needs are subscribers!

You can join the OHECCinfo LISTSERV list by sending an e-mail to [LISTSERV@LISTSERV.MUOHIO.EDU](mailto:LISTSERV@LISTSERV.MUOHIO.EDU) with "subscribe OHECCINFO" in the body.

Please feel free to share this information with others in your institution.

## OHECC's Neighbor KHECC Offers To Host Conference This Fall

OHECC attendees and their colleagues are invited to participate. For more information about the conference, please see the Breaking Down Barriers web site at <http://khecc.nku.edu>.

## Gearing up for OHECC 2005 (a one-day conference)

Shawnee State University will be hosting OHECC 2005 next April - the dates and location will be announced soon. In recognition of the extremely busy schedules facing higher education IT organizations, OHECC 2005 will return to the traditional one-day format with breakout sessions the afternoon of the first day and roundtable sessions the following morning.

**Planning is underway for this event and the program committee wants your input.** If you have suggestions about what you'd like to see (or not see) in OHECC 2005, please share them with us by sending an e-mail to [OHECC@muohio.edu](mailto:OHECC@muohio.edu).

## OHECC Program Committee for OHECC 2005
